PROFESSIONAL SUMMARY

Full Stack Developer specializing in end-to-end product development — architecting scalable REST APIs and microservices, and shipping polished cross-platform mobile apps and admin panels. Delivered production systems across healthcare, HR tech, fleet management, grocery delivery, and education verticals using React Native, Node.js, .NET, Laravel, and PHP. Thrive in ownership-driven environments handling backend, mobile, and admin — end to end.

EXPERIENCE

Full Stack Developer — Tekniko Global

Nov 2025 – Present

Stack: React Native, Node.js, React.js, Firebase, RazorPay, .NET Core/.NET Framework

- ▶ Built Olcure — a telemedicine app with doctor discovery, slot-based booking, and in-app consultation.
- ▶ Developed Node.js REST API with JWT auth, appointment scheduling engine, and push notifications.
- ▶ SabziWala customer app: product catalog, smart cart, real-time order tracking, RazorPay payment.
- ▶ React.js admin panel: doctor KYC management, appointment dashboard, and revenue reporting.

PHP Developer — Weblite Technology

Jun 2025 – Nov 2025

Stack: PHP, Laravel, CodeIgniter, MySQL, Tailwind CSS

- ▶ Built dynamic web apps: Scientific E-News (news platform + admin dashboard), SD Insurance, Thari Tour Travels.
- ▶ Developed responsive UIs with Tailwind CSS/Bootstrap; optimized MySQL queries for backend performance.

React Native Developer — rDVision Tech

Aug 2024 – Mar 2025

Stack: React Native, Node.js

- ▶ Driver companion app: order queue, route navigation, live location broadcast, delivery confirmation.
- ▶ Hotel Booking App: listings with filters, maps, room details, booking flow, Firebase auth.
- ▶ Implemented offline caching (AsyncStorage) for low-connectivity environments in production apps.

KEY PROJECTS

Mann Fleet Partners — Admin Panel • Corporate Panel

- ▶ Built the admin panel and corporate panel for a fleet management platform.

<https://www.mannfleetpartners.com/>

Dvagoo — Driver Hire App

- ▶ Built the backend, admin panel, and website for a driver-hiring platform.

<https://www.dvagoo.com/>

Practly — Exam Preparation Platform — Node.js • MongoDB • Docker • React

- ▶ Built microservices backend with Node.js and MongoDB, containerized with Docker.
- ▶ Built the React admin panel and website for content and exam management.

<https://practly.in/>

Olcure — Healthcare Platform — React Native • Node.js • React.js

- ▶ Built backend, admin panel, hospital panel, and landing page for a telemedicine platform.

<https://olcure.com/>

Rankup — Exam Preparation Platform — .NET Microservices • MSSQL • TypeScript • Docker

- ▶ Architected .NET Microservices backend with MSSQL stored procedures; TypeScript admin panel with exam engine, timer, and section-wise scoring.

NexWage — HRMS Platform — Laravel • MySQL • REST API

- ▶ Built Laravel HRMS backend with REST APIs for admin panel and employee app — onboarding, attendance, leave, payroll, RBAC.

TECHNICAL SKILLS

Mobile: React Native, TypeScript, JavaScript, Android Studio

Frontend: React.js, Tailwind CSS, Bootstrap, TypeScript

Backend: Node.js / Express, .NET Microservices, PHP / Laravel / CodeIgniter

Data & DevOps: MSSQL, MySQL, MongoDB, Stored Procedures, Docker, Git, Firebase

EDUCATION

MCA — School of Management Sciences, Varanasi (AKTU University)

2022 – 2024

BCA — Technical Education & Research Institute, Ghazipur (VBSPU University)

2019 – 2022
